### TRADE IN CHICAGO.

[By Telegraph to The Tribune.] Chicago, Nov. 14.—Wheat to-day more than made up the decline of the day before, and in that respect disappointed many who had believed that manipulation already had been transferred from the bull side. There were heavy enough receipts and emparatively small enough exports to have knocked bull feeling out of the trade, but Liverpool was higher on a scare about the Argentine crop prospects, which was evidently groundless, according to a direct cable message from there to a Chicago house received this morning. There was some export business done in Manitoba wheat, and the trade appeared to take that as much to heart as if it had any connection with the wheat of the United States. There was some export flour business done by

Chicago miliers which was of more bullish significance, but the quantity was only 2,500 sacks. Corn and oats were higher and hog products lower. The wheat market opened firm on higher quotations from Liverpool, and the Argentine news of im-paired crop due to rain and frost, and news of the Russian crop outlook. Later the local market made further advances. Local receipts were 353 cars Armour was a seller of December and a buyer of Armour was a seller of December and a buyer of May wheat. Estimate for to-morrow, 158 cars. The highest for December was 85%c, the lowest 85%c, the close was 86%c to 56%c. May closed at 85%c, after selling as high as 88%c, and as low as 88%c

At the opening trade in corn was general and noderately large, but soon dwindled to small pro-portions, offerings not being large. The tone was firm. December and May sharing equally in the improvement in price resulting from the early

were only 144,000 bushels. Estimate for to-mor-row, 210 cars. December sold from 44%c to 44%c and 48c, closing at 44%c. The highest for May was

45%c to 45%c; the lowest, 45%c. The close was being of a local and scalping character, with fluc-tuations of prices within a narrow range. The drift seemed to be toward higher prices. Local receipts were 272 cars, with 106 cars estimated for

morrow, shipments, 36,000 bushels. December closed at the top. 25%c, after selling as low as 29%c. May seld from 32c to 32%c and 32%c, clos-Provisions ruled weak. The heavy run of hogs, Provisions ruled weak. The heavy fall of high, both here and at Western markets, and the break markets at the yards were the depressing factors. There was free selling of the January product by the packers, particularly lard and ribs. The buying was mostly for short accounts. January pork sold from \$12 52½ to \$12 55 off to \$12 50 and \$12 52½, sold from \$6 52½ off to \$577½ and \$6 89 and January ribs from \$6 55 off to \$5 50. Hog receipts were \$7.000 head and prices at the yards were 50 to 100 lower.
